Swiss Military by Chrono SM34080 Night Lights Special Edition

Self-Powered Illumination!

Making use of the unique Trigalight® technology, Swiss Military by Chrono has created Night Lights, a watch built around a maintenance-free and extremely compact system which does not require any external energy sources to power illumination. As a widely employed and approved permanent illumination technology, Trigalight® stand for both self-illumination technology and the world's smallest gaseous tritium light sources (GTLS), and consists of hermetically sealed systems which function without the need for any external light or energy sources.
