SM34060 Limited Edition**

Let the adventure begin

The SMA 34060 Limited Edition Diver's watch is an impressive and robust timepiece that is designed for those who aim to find adventure not only on land but also in the depths of the waters. The 300 timepieces in this limited edition are of high-quality design and are equipped with a tough stainless steel case, a scratch-proof sapphire glass and well legible hands and hour markers. The professional diver's watch is water-resistant up to 500 meters and equipped with a helium release valve which guarantees the functionality of the watch at great depths.
